

CEMENTO Series

Porcelain / Concrete-look

The Cemento series draws inspiration from contemporary industrial design, offering a material that tells stories through space while expressing originality and character. It strikes a perfect balance between tradition and modernity, blending warm and cool tones, light and dark contrasts, with a refined emphasis on brightness. Each tile showcases a textured, time-worn effect that enhances its visual appeal, while the subtle inclusion of small pebbles adds depth and harmony to the surface, bringing both raw authenticity and understated elegance to any environment.
